- Once your friend has confirmed your request, you can Skype with them as long as they are online. You may want to call or text the person you want to Skype with beforehand to set up a time with them, so both parties will be available to take the call. We will go over symbol meanings by your contacts names in a bit to know if they are available or not for calls.
- To show you what it looks like to call a contact I will be coming around to you one at a time and go over how to call a contact. After I have come to you, we will take a 5-10 min break. During that time Randi will be adding all of you so you can see what it looks like when someone adds you.
