Something similar will come up on your iPad to this. The iPad comes with several built-in apps, but you can download more apps from this App Store. The App Store gives you access to hundreds of the thousands of apps. You'll find everything from games to entertainment to productivity tools. There are thousands to download for free, and many other apps that cost as little as \$0.99, some may be more expensive. Click the App Store app on your iPad.
